

Current S&F to be considered within the community consultation exercise during September 2016.

Links to all of the facilities can be found via the [NERC website](#)

Accelerator Mass Spectrometry Laboratory (AMS)

Aero-geophysics survey instrument suite

Atmospheric Measurement Facility (AMF)

British Isles Continuous GNSS Facility (BIGF)

British Ocean Sediment Core Research Facility (BOSCORF)

Chilbolton Facility for Atmospheric & Radio Research (CFARR)

Cosmogenic Isotope Analysis Facility (CIAF)

Culture Collection of Algae and Protozoa (CCAP)

European Incoherent Scatter Radar UK Support Facility (EISCAT)

Facility for Environmental Nanoparticle Analysis and Characterisation (FENAC)

Field Spectroscopy Facility (FSF)

Geophysical Equipment Facility (GEF)

Ion Microprobe Facility (IMF)

Isotope Community Support Facility (ICSF)

Life Science Mass Spectrometry Facility (LSMSF)

Mesosphere Stratosphere Troposphere Radar Facility (MSTRF)

NERC Airborne Research Facility (NARF), formerly ARSF

NERC Biomolecular Analysis Facility (NBAF)

NERC Earth Observation Data Acquisition and Analysis Service (NEODAAS)

NERC Facility for Scientific Diving (NFSD)

NERC Isotope Geosciences Laboratory (NIGL)

NERC Radiocarbon Facility (NRCF)

The Scottish Marine Robotics Facility (SCOT-MRF)

Space Geodesy Facility (SGF)

UK Arctic Research Station
