## **Panel D & E – 7<sup>th</sup> & 8<sup>th</sup> June 2016**

For the January 2016 closing date the assessment of the proposals for panels D and E is being combined under one panel.

The overall number of proposals being considered by this joint panel is less than other panels have considered in recent years. The merger will have no impact on the assessment of your proposal and the panel membership is composed of Core and PRC members from both panels D and E. As in previous rounds we expect the success rates to be similar across all panels.
