

BESS Fellowship

Award Title	Investigator	Investigator Institution	Co-Investigator(s)	NERC Reference
Supporting ecosystem services on commercial farms: using evidence to inform land management decisions	Dr Lynn Dicks	Cambridge University		NE/K015419/1

BESS Research Grants

Award Title	Investigator	Investigator Institution	Co-Investigator(s)	NERC Reference
Scaling and thresholds in earthworm abundance and diversity in grassland agricultural systems	Dr Paul Eggleton	NHM	Dr Daniel Carpenter	NE/K015338/1
Dispersal and biodiversity impacts on community assembly and ecosystem services in shallow lake landscapes	Dr Carl Sayer	UCL NHM Stirling University	Dr Helen Bennion Prof Beth Okamura Dr Nigel Willby Dr Jorge Salgado Bonnet	NE/K015486/1
Location, Configuration, Distribution: the Role of Landscape Pattern and Diversity in Ecosystem Services	Prof Bridget Emmett	CEH Virginia University	Dr Matthew Jones Dr David Cooper Miss Jane Hall Prof Bernard Cosby	NE/K015508/1
Do realignment sites restore microbial biodiversity-driven nutrient cycling and trace gas fluxes comparable to natural coastal ecosystems?	Dr Kelly Redeker	York University CEH Essex University	Dr Thorunn Helgasson Mr Richard Garbutt Dr Alexander Dumbrell	NE/K01546X/1
Dynamics and thresholds of ecosystem services in wooded landscapes	Prof Adrian Newton	Bournemouth University	Prof Ralph Clarke Dr Judith de Groot	NE/K01322X/1

BESS Small Grants

Award Title	Investigator	Investigator Institution	Co-Investigator(s)	NERC Reference
Temporal variation in biodiversity and ecosystem service delivery in grasslands (T-BESS)	Dr Carly Stevens	Lancaster University CEH	Dr Simon Smart	NE/K015389/1
Quantifying the biodiversity threshold for peatland carbon service delivery	Dr Tim Daley	Plymouth University	Dr Ralph Fyfe	NE/K015451/1
